

Thank you for your interest in joining the Nas Daily video editor talent pool!

This optional assignment helps us understand your editing skills, creativity, pacing, storytelling, and use of sound and animation for future opportunities. Completing it does not guarantee a job offer.

** What's Included**

You'll find everything you need in the folder below:

1. Raw files
2. Script (for guidance: feel free to modify)
3. Voiceovers
4. Face shots

** Important Notes**

- Please do not watch the original published video. We want your unique interpretation.
 - Target length: 1 minute, vertical format.
 - Subtitles must be included.
 - Sound design and animations/motion graphics are required.
-

** Editing Guidelines**

- Hook: Make the first 3 seconds powerful to instantly grab attention.
 - Sound Design: Select inspiring music (2–3 tracks max) that enhances emotion and immersion.
 - Pacing: Keep a smooth flow - engaging but not rushed. Ensure seamless transitions.
 - Animations: Add supporting animations that visually explain the message while matching the brand's visual identity.
-

** Submission**

Once complete, please reply to this email with your final video.

** Final Note**

Good luck — we can't wait to see your creativity in action!
